OUTHERN LEAGUE FANDOM will feel a personal interest in the approaching world's scries between the Chicago White Sox and the Cincinnati Reds. There will be two former Southern leaguers performing in the big October classic whose work will be keenly watched by the thousands who remembered them in their minor league days.

Dick Kerr, ex-Memphis left-hander, is one of Kid Gleason's aces, and will undoubtedly share the pitching burden with Eddie Cicotte and Claude Williams against the Reds. It's a cinch bet that Manager Gleason will use Cicotte in the opener and Williams in the second. Kerr is next in line and will undoubtedly be given a crack at the red-legged clan from Cincinnati. Kerr has made himself solid this year by pitching fine ball and made all the wise critics look foolish by making by pitching fine ball and made all the wise critics look foolish by making good when they all predicted that he was too small to stick in the big ring.

Another Dixie major star who will perform will be Pat Duncan, who is outfielding for the Cincinnati Reds. Pat played with the Birmingham Barons this year until a short time back, when he was bought by Manager Pat Moran. Immediately on arriving in Rediand Pat was asigned to left field and he made good with a bang, having waded into the ball and fielded fine. The result is that Pat is a fixture, with all of Cincy pulling for him.

These two Dixie boys, who are in their first big world's baseball classic, will have an opportunity to carve their names high on baseball's scroll of heroes, and there's no doubt but that they will.

SOUTHERNERS GOING.

From every section of Dixie thousands are planning to march upon Cincinnati when the games are played there, and there is every indication that Sunland will be well represented when the Reds take the field against the white-hosed clan of Chicago.

Many Memphians have aiready made reservations for the games that are to be played in Cincy, and there will be a general exodus of leading baseball fans for the Rhine city when the starting time of the contests arrives.

President John D. Martin, of the Southern league, along with President Tom Watkins of the Memphis club are among those who are planning to go.

Glancing back over the 1919 baseball campaign these few figures might be of interest to those who follow the diamond athletes from year to year.

The season of 1919 was a fine year for base stealers and a poor one for catchers. A total of 836 bases were stolen during the year.

Johnny Dobbu Felicans were the leading base stealers with 154 to their string. Dobbs is a great believer in base running and his help set the high water mark for the year.

When it came to being good walters—for getting bases on balls—the Memphis Chicks led the entire league. A total of 379 Tribesmen were given free transportation to first in 1919. The Little Rock Travelers were second, with 361.

When Jack left the major league scenes some years ago and drifted to the Pacific Coast league he was called upon to pitch a game in Salt Lake City.
